EDUCATION

San Jose State University

Expected Graduation: May 2028

Bachelor of Science in Computer Science, Minors in Statistics and Business

San Jose, CA

- **Coursework:** Data Structures & Algorithms, Object-Oriented Design, Intro to Computer Systems, Technical Writing

EXPERIENCE

Web Development Ambassador

Jun. 2025 – Present

Mozilla Responsible Computing Club

San Jose, CA

- Utilized GitHub for version control, Jira tickets for development tasks to build a full-stack club website
- Built and maintained responsive web features using Next.js, Tailwind CSS, and Auth0 for secure authentication
- Engaged in Agile sprints, weekly stand-ups; contributed to UI/UX design using Figma wireframes

Proposal Authorship Fellow

May 2025 – Present

NASA Proposal Writing and Evaluation Experience

Remote

- Collaborated with 10 others to strategically design a cold welding robot project proposal aligned with NASA objectives
- Led remote proposal development via Zoom, including quad chart creation, scheduling meetings, and leading cross-functional collaboration across engineering, science, and project management roles

Product Management Intern

Apr. 2025 – Present

Bay Area Rapid Transit

Oakland, CA

- Led 3 co-interns in the project design, data analytics, and technical components using Microsoft Office for a modular, scalable BART sustainability initiative comprising a video game and themed community events
- Consulted with 10 subject matter experts to design tailored solutions in event marketing and planning aligning with BART sustainability goals and brand guidelines

Concessionist & Usher

Apr. 2025 – Aug. 2025

Veranda Luxe Cinema

Concord, CA

- Efficiently handled 120+ unique customer orders per shift using a 60-product point-of-sale system as concessionist
- Prepared popcorn, soft drinks, alcoholic beverages, and snacks while maintaining cleanliness and quality standards
- Disposed of garbage and recycling bins, cleaned bathrooms, and disinfected 1,200+ seats per shift as usher

Operations Specialist

Mar. 2025 – May 2025

SJSU Product Management Club

San Jose, CA

- Designed informational content for the "Product Playbook" series of technical lectures, using Slack for communication
- Communicated and received tasks and duties as assigned to supervisor and club president via Google Suite

Program Management Ambassador

Jan. 2025 – May 2025

Mozilla Responsible Computing Club

San Jose, CA

- Facilitated logistics and professional correspondence for 5 workshop events with 20+ guest panelists
- Created a Jira workspace to delegate 40+ funding, contact, and marketing tasks to 3 co-ambassadors
- Maintained a working knowledge of internal team functions; reported progress to supervisor weekly

PROJECTS

Listenade | JavaScript, HTML/CSS, Git, GitHub, Figma

- Developed a music magazine website to display text reviews with optimized desktop and mobile scaling
- Created a directory system using GitHub and GitHub Pages, connecting the repository to a personal domain
